

Faculty Advisor

PURPOSE

Provide assistance and guidance to the student leader serving as blood drive coordinator and to members of the blood drive committee, supporting their volunteer activities in coordinating all aspects associated with the school's blood drive(s).

DUTIES

- Supervise all student activities associated with your school's blood drive
- Provide help in securing access to school resources the blood drive committee needs to ensure the success of the event
- Advocate for the school-sponsored blood drive with fellow staff and faculty
- Create appropriate service learning curriculum and follow-up with students regarding earned credit for service hours
- Confirm blood drive dates and logistics with your school principal and work to secure the support of the school's leadership for the drive

QUALIFICATIONS

- Organized
- Responsive and reliable
- Ability to delegate and communicate well with a variety of people
- Enthusiastic supporter of blood donation

BENEFITS

- Help ensure a sufficient blood supply to save and sustain the lives of those in need
- Connect with students in a life-saving community service project
- Support the development of the next generation of leaders
- Raise the visibility of your school within the community

TIME COMMITMENT

Varies

“As a blood recipient, I know personally how important and life-saving blood donation can be. And as a high school teacher and Key Club Advisor, I think it’s crucial to step up and be a positive role model for my students.” —Katie Thunshelle
